If any of the Perch family members (adults included) participate in any other programs, such as Pickleball, CSA, tennis or swim lessons,or some trips, the number of times their info is re-entered increases as separate registration rosters and One Call lists are generated for each program

When these numbers are extrapolated & mulitplied by the number of families registering in our programs, the amount of redundant information being entered on rosters and One Call lists is substantial and significant

This is the typical information that appears on registration rosters.

Haley Perch began participating in our youth sport programs in Kindergarten. She participated in Soccer, Basketball and Tball/Softball for her 7 years of elementary school. The same information for Haley and her parents has been entered on our Youth Sport registration rosters 21 times. Each of her telephone/cell phone numbers have been entered 63 times.

Haley has participated in our Summer Camp programs (Hot & Happy, Happy Campers, RECking Crew & Teen Adventure) from age 3-11. The same information has been entered on Summer Camp registration rosters10 times, with the home and cell phone number information being entered 30 times.

Haley registered for the Community Center Drop In program in grades 5&6. This required 2 additional entries of the same information as above with the phone and cell phone info being entered 6 times.

In total: To date, the same information for Haley Perch has been entered on excel spreadsheet registration rosters 33 times. Her home and cell phone info has been entered on excel spreadsheets 99 times.

Haley is eligible to register for RECking Crew and Teen Adventure through age 15. This would require 3 additional Summer Camp registration roster entries and at least 6 additional entries of phone and cell phone numbers.

DJ Perch has participated in our youth sport programs since Kindergarten. The same information for DJ has been entered on Youth Sport registration rosters 11 times. Each of his telephone contact numbers have been entered 33 times.
DJ has participated in our Summer Camp programs from age 3-9. The same information has been entered on registration rosters 7 times, with the home and cell phone numbers being entered at least 21 times.

In total: To date the same information for DJ has been entered on excel spreadsheet registration rosters 18 times. His home and cell phone info has been entered on excel spreadsheets 54 times. The vast majority of this information is redundant to the information entered for Haley above.

DJ is eligible to participate in our Youth Sport for an additional 2 years. This will require entering his info on a Youth Sport registration roster 4 additional times, with his telephone and cell numbers being entered an additional 12 times.

DJ is eligible to participate in our Summer Camp programs an additional 5 times, with his telephone/cell phone numbers being entered an additional 15 times

DJ is eligible to register for the Community Center Drop In program in grades 5&6 (and beyond). This will require at least 2 additional entries of the same information as above with the phone and cell phone info being entered 6 times.

Patrick Perch has participated in our youth sport programs since Kindergarten. The same information for Patrick has been entered on Youth sport registration rosters 7 times. Each of his telephone/cell phone contact numbers have been entered 21 times.

Patrick has participated in our Summer Camp programs since the age of 3. His information has been entered on Summer Camp registration rosters 5 times, with home and cell phone numbers being entered at least 15 times.

In total: To date information for Patrick has been entered on excel spreadsheet registration rosters 12 times. His home and cell phone info has been entered on excel spreadsheets 36 times. The vast majority of this information is redundant to the information entered for Haley and DJ above.

Patrick is eligible to participate in our Youth Sport programs for an additional 4 years. This will require entering his info on Youth sport registration rosters an additional 8 times with his telephone and cell phone numbers being entered an additional 24 times.

Patrick is eligible to participate in our Summer camp programs an additional 7 times, with his telephone/cell numbers being entered an additional 21 times.

Patrick is eligible to register for the Community Center Drop In program in grades 5&6 (and beyond). This will require at least 2 additional entries of the same information as above with the phone and cell phone info being entered 6 times.

In total: To date, the same information for the Perch family children has been entered on excel registration rosters 63 times with the same telephone and cell phone info being entered 189 times.

In a single year, the same information for the Perch family children will be entered on excel registration rosters a minimum of 11 times with their telephone and cell phone info being entered a minimum of 25 times. If any of the Perch family members (adults included) participate in any other programs, such as Pickleball, Tai Chi, CSA, tennis or swim lessons, or some trips – the number of times their info is re-entered increases as separate registration rosters and One Call lists are generated for each program.

When these numbers are extrapolated and multiplied by the number of families registering in our programs, the amount of redundant information being entered on registration rosters and One Call lists is substantial and significant.
