

Invitation for Bids
Painting of Historic Buildings
Moultonborough, NH
March 15, 2012

Addendum #2 Issued March 12, 2012

- 1.) **There is NO change in the bid due date!**
- 2.) **In the specs, an oil paint is listed as a finish coat. Is this correct?**
[The question continued: The NH VOC laws changed a lot about our uses of oil/alkyd paints.]

A: We will accept a high quality acrylic latex provided we believe the manufacturer has had it on the market sufficiently long enough for its life cycle and durability to have been established.

End
