Signing up is easy and free—do not wait until disaster strikes. Be proactive and stay connected to vital updates today!

The system is intended to be used for emergency alerts, as well as non-emergency incidents that may have significant impacts on residents. Emergency Alerts could be related to specific hazards that require some kind of action be taken such as evacuation, shelter in place, boil water orders, etc. Non-emergency alerts could include significant transportation problems with prolonged impacts or significant ongoing police or fire activity. This list is not meant to be all inclusive and demonstrates that this system will not be used for routine information. In addition to receiving information on your wireless device, you may also receive notification on your land telephone line (if you have one) depending on the type of incident or event.

Moultonborough Recreation's weekend trip to Portland for a cruise, shopping, and food turned into a happy adventure! The trip was nearly filled to capacity and departed early Saturday morning. While en route, we learned that foggy harbor conditions made the boat tour impossible. Fortunately, Portland Discovery Land & Sea Tours saved the day by offering a scenic trolley tour of Portland and the surrounding area. Many thanks to Portland Discovery Land & Sea Tours and Bay Haven Lobster Pound for helping make the day a success. A special thank-you to our trip patrons, who embraced the change of plans with a positive attitude and a great sense of adventure!
