Upon arrival, crews confirmed the residence was unoccupied and identified active fire damage on the rear side of the home. The fire was in the furnace room and successfully extinguished. Due to the fire's origin, several walls, ceilings, and floors were opened to check for extension. Estimated damage totals \$75,000 in physical and smoke-related losses. Mutual aid was provided by Sandwich and Tuftonboro, with Center Harbor covering the Public Safety Building. Stewart's Ambulance remained on scene, with an additional unit covering the town. No injuries or additional property damage were reported.

**8/5** The fire department, along with Center Harbor and Sandwich fire departments, participated in the National Night Out event held at the Castle in the Clouds. The event provided a wonderful opportunity for community engagement, allowing attendees to interact with firefighters, take photos in turnout gear and use a hose to simulate extinguishing a house fire.

**8/9 & 8/10** As of this weekend, both of the department's primary first responder medical vehicles have been taken out of service due to mechanical issues. On Saturday, Rescue 2 was removed from service after a transmission issue was identified. The following day, Rescue 3 was also taken out of service due to a turbocharger malfunction. Both vehicles are currently at the Public Works Department and are being evaluated by the Town Mechanic. In the interim, Utility 1 and Forestry 2 have been assigned to fulfill medical response duties to ensure continued service coverage.

### **Burning Permits:**

#### ***What is a Category 1 fire?***

***"Category I Fire" means a small, controlled fire, such as a camp or cooking fire, no greater than 2 feet in diameter contained within a ring of fire resistive material or in a portable fireplace, except for public & private campgrounds or picnic sites, located at least 25 feet from structures.***

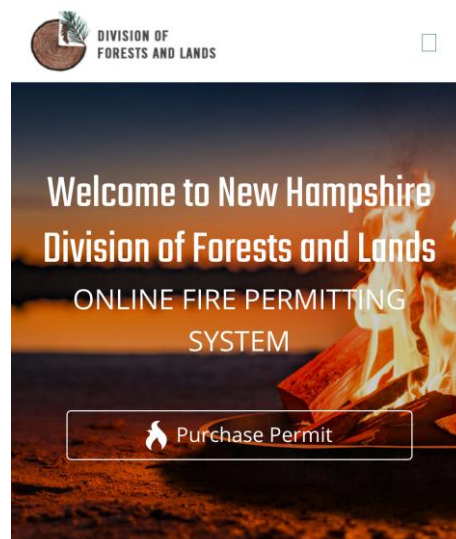

***A Category I fire, conditions permitting, may be kindled with a permit at any time or day whether it is raining or not.***

### How to obtain a fire permit:

Fire Permits for 2025 may be obtained at the Public Safety Building located at 1035 Whittier Highway or online at [www.NHFirePermit.com](http://www.NHFirePermit.com). Or a <https://nh.burnsafeamerica.com/>

### Fire Danger:

Due to a lack of widespread rainfall, the Moultonborough area and the Lakes Region of New Hampshire are experiencing increasingly dry conditions that can lead to the easy ignition and rapid spread of fire. As a result, the New Hampshire Forest Rangers have declared a High Fire Danger level for most of the state. Residents and visitors are urged to use extreme caution with any outdoor burning or fire-related activities.

### Fireworks: Statewide Rules

- Age Requirement: You must be at least 21 years old to purchase, possess, or use fireworks.

- **Where You Can Use Them:** Fireworks may only be used on private property that you own, or with the landowner's written permission or presence. Town beaches, parks, and boat launches are off-limits.
- **Types Allowed:** Legal fireworks include items like fountains, roman candles, sparklers, ground spinners, and reloadable mortars. High-powered explosives like M-80s, cherry bombs, and large aerial shells are illegal and prohibited.
- **Retail Sales:** Fireworks must be purchased from licensed New Hampshire retailers. Bringing fireworks in from out of state is prohibited.

### **Town Restrictions:**

Town Ordinance limits the use of "consumer fireworks" to the hours between 12 noon and 10:00 pm. Exceptions are two holidays, as recognized by the Town: (1) the 4th of July: limit use to 12 noon to 12 midnight; (2) New Year, limit use to 12 noon and up to 15 minutes past midnight of the holiday.

### **Liability:**

People displaying can be held liable in any civil action for damages to another's property. In other words, you can be sued for using fireworks and sparks, embers and debris falling onto property that is not yours.
