**NOTICE OF DECISION**

You are hereby notified that the following decisions were made remotely by the Moultonborough Planning Board at their regular meeting of September 9, 2020:

The Board approved the proposed changes to the way the Moultonborough Zoning Ordinance is numbered and formatted only with NO changes to the wording of the Ordinance as presented at the Public Hearing. This change was made to improve how topics are found. There were no changes to the Zoning Ordinance as presented. If changes were to have been made, those changes would require the approval of the Legislative Body (Town Meeting vote), however there were no changes to this document.
