Chris Theriault
Director of Public Works

September 21, 2017

Dear Private Road Representative,

As we prepare for the upcoming winter season, we would like to review the requirements for the upkeep of our privately-owned roads in town. We are glad to announce that we have conclude our private road reclassification and the Town's Selectman have adopted many roads in the town as Emergency Lanes. (You can find a complete list of the roads on the Highway Department' page on the Town of Moultonborough's website.) This will allow us to continue snow removal operations as we have in the past.

The upkeep and maintenance of the roads themselves, however, is still the responsibility of the property owners who reside on the roadway. The town of Moultonborough plows snow from private roads only to provide emergency access. We do not plow roads that represent hazards to personnel and equipment. This applies equally to Town crews and equipment as well as contractors hired by the Town for that purpose.

As you look at your road, please consider the need to operate large equipment (fire and rescue equipment, town plows, etc.) on your road. The items that the Town of Moultonborough requires for us to continue plowing operations on private roads is as follows:

- Trees, limbs, and brush shall be cut back at least 5 feet on either side of the travelled way
- Trees shall be trimmed so that there is at least 14 feet of overhead clearance above travelled way
- Eliminate stumps, and rocks over 6 inches, in roadway and within the 5-foot shoulders
- Roads shall be graded for proper drainage to ditchlines, and eliminate potholes

All of these requirements must be met before the start of the winter maintenance season or all plowing operations on the road in question will have to be suspended until the issues have been addressed and corrected. (You can also find a copy of our Winter Maintenance Policy on the Highway Departments website.) If you have any questions or concerns or would like to meet to discuss your roads, please contact us at the Highway Garage.

Sincerely yours,

Chris Theriault
Director of Public Works

cc. Walter Johnson, Town Administrator
Board of Selectmen
