The Treasurer shall only invest assets of the Town of Moultonborough in such instruments as may be specifically authorized by the Revised Statutes Annotated of the State of New Hampshire.
- C. Yield. The Board of Selectmen seeks to attain market rates of return on the investment of Town funds that are consistent with state laws that restrict the placement of public funds. It is therefore the responsibility of the Treasurer to represent the best interests of the Town in seeking to invest funds efficiently.

III. STANDARDS OF CARE

All participants in the investment process shall act responsibly as custodians of the public trust. They shall avoid any transaction that might impair public confidence in any elected official.

The Treasurer, acting in accordance with this investment policy and exercising due diligence, shall be relieved of personal responsibility for issuer defaults or technical complications leading to temporary loss of liquidity, provided deviations from expectations are reported to the Board of Selectmen in a timely manner and the investments liquidated in a timely and responsible manner.
- C. Ethics and Conflict of Interest. The Treasurer shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair his or her ability to make impartial investment decisions. The Treasurer shall disclose, to the Board of Selectmen, any material financial interests in banks that conduct business with the Town of Moultonborough. He or she shall further disclose any personal financial positions related or perceived as related to the performance of the investment portfolio.

IV. INTERNAL CONTROLS

The Board of Selectmen is responsible for establishing and maintaining internal control procedures designed to insure the protection of Town assets from loss, theft, misuse, fraud, employee error, or misrepresentation by third parties. They shall design internal control procedures to provide reasonable assurance to meet this objective.

The concept of reasonable assurance recognizes that (1) the cost of a control shall not exceed the benefits derived, and (2) the valuation of costs and benefits requires estimates and judgments by management. Accordingly, the Board of Selectmen shall establish a process for annual independent review by an external auditor to assure compliance with policies and procedures. In addition, internal control procedures shall address the following points:

- A. Control of Collusion. Collusion is a situation where two or more employees are working in conjunction to defraud their employer.
- B. Separation of Transaction Authority from Accounting and Recordkeeping. To achieve a separation of duties, the person who authorizes or performs a transaction cannot be the same person who records or otherwise accounts for the transaction.
- C. Written Confirmation of Telephone Communications and Wire Transfers for Investment Transactions. Due to the potential for error and improprieties arising from telephone transactions, written communications shall support all telephone confirmations and wire transfer and shall receive transmission approval by the appropriate person. Written communications may be via fax, if on letterhead, providing the safekeeping institution has a list of the authorized signatures.

The Treasurer, in January of each calendar year, shall obtain a Statement of Condition from each bank where the Treasurer deposits or invests funds.

VII. DIVERSIFICATION

It is the policy of the Board of Selectmen to diversify its investment portfolio. To the largest extent possible, the Treasurer shall diversify the investment of assets held in a common cash fund and any other investments to eliminate risk resulting from excessive credit risk or over-concentration of assets in a specific maturity. The Treasurer shall determine and periodically revise diversification strategies. These strategies shall receive review and approval by the Board of Selectmen according to Section IX presented below.

Portfolio diversification is desirable in order to control risk. The expectation is that the Treasurer shall display prudence in the selection of investments in order to minimize risk.

The Treasurer shall provide a written list of all the investment instruments of the Town. Any institution holding deposits of Town assets must collateralize the total of these deposits with pledged securities that shall be equal to or in excess of the amount of the public funds deposited, less any portion thereof covered by federal deposit insurance.

Collateralization must remain in effect so long as Town assets remain on deposit. Further, the institution must agree to notify the Treasurer ninety (90) days in advance by written notice before electing to cancel collateralization or refusal to accept additional or future Town deposits.
