**ARTICLE 4 (BY PETITION): IMPLEMENT A TAX CAP**  
**3/5 vote required by ballot**

Shall we adopt the provisions of RSA 32:5-b and implement a tax cap whereby the governing body (or budget committee) shall not submit a recommended budget that increases the amount to be raised by local taxes, based on the prior fiscal year's actual amount of local taxes raised, by more than 0%.

(Recommended by Advisory Budget Committee – 0 Yes – 5 No)

Article 4 was read by the Moderator then moved by Chair Quinlan and seconded by Vice Chair Tolman. The Moderator stated that this article requires a secret ballot vote with polls remaining open for 60 minutes. Joe Cormier commented on the process of amending articles and noted that the legislative body could use that process to adjust a proposed budget. Kathleen Dahlquist spoke in favor of the article and encouraged voters to vote no on the budget, referencing bonds and the total amount taxpayers could spend based on decisions made at the Town and School District meetings on this day. The Moderator asked the Board to clarify the portion of that which is relevant only to the Town Meeting. Chair Quinlan stated that the town's budget is approximately \$11.5 million, not including the capital items that will be decided upon in today's meeting. The Moderator asked if the town has any active bonds and the Chair stated that it does not. He also clarified that the capital reserve funds and trust fund allocations to be voted upon on this day are to prevent the town from having to obtain a bond in the future.

Hollis Austin stated that he feels the Select Board is made up of reasonable people and he commended them on reducing the town budget to offset the school budget. Eric Bernow moved to call the question and this was seconded by Joe Cormier. Mr. Cormier stated that the appropriations reported to the DRA for the 2026 fiscal year are about 1 million dollars less than last year's. The Moderator asked for a show of voter cards in favor of calling the question. More than a 2/3 majority of the room raised their voter cards, so the Moderator instructed voters to use only YES – 1 or NO – 1 secret ballots to vote. Polls opened for voting on Article 4 at 12:48 pm.

After the voters in the auditorium had cast their ballots, the Moderator stated that the polls would remain open for this article until 1:48 pm then discussion continued on the remaining articles.

The amendment was voted in the affirmative by a show of voter cards.

Denise Hervieux asked how much money is in CR100, Visiting Nurses Services, and if that amount can be applied toward articles 23 and 32. Mr. Quinlan stated that the town did that last year, taking about \$45,000 out of the fund, reducing it down to about \$32.96 as of December 31<sup>st</sup>, 2024 and that this is more of a housekeeping item with the intent now being to close the fund completely.

Article 8, as amended, was voted in the affirmative by a show of voter cards.

## **ARTICLE 9: CREATING AN AMBULANCE CONTINGENCY TRUST FUND**

To see if the Town will voted to (a) establish an Expendable Trust Fund (ETF) under the provisions of RSA 31:19-a, to be known as the Ambulance Contingency Fund for the purpose of ensuring uninterrupted ambulance service due to unforeseen increases in costs in addition to the normal ambulance services contracted and appropriated for each year, (b) designate the Select Board as agents to expend both the principal and interest from this fund and (c) raise and appropriate the sum of Seventy Thousand Dollars (\$70,000) to be placed in this fund upon its establishment.

(Recommended by Selectmen – 3 Yes – 0 No) (2 Absent w/Prior Notification)

(Recommended by Advisory Budget Committee – 5 Yes – 0 No)

Article 9 was read by the Moderator then moved by Chair Quinlan and seconded by Vice Chair Tolman. Fred Van Magness moved to amend article 9 to include “(CR162),” explaining that this will assist the Trustees of the Trust Funds in the future when they need to find the exact wording of the fund as it was originally established at Town Meeting. The amended article would read as follows:

*To see if the Town will voted to (a) establish an Expendable Trust Fund (ETF) under the provisions of RSA 31:19-a, to be known as the Ambulance Contingency Fund (CR162) for the purpose of ensuring uninterrupted ambulance service due to unforeseen increases in costs in addition to the normal ambulance services contracted and appropriated for each year, (b) designate the Select Board as agents to expend both the principal and interest from this fund and (c) raise and appropriate the sum of Seventy Thousand Dollars (\$70,000) to be placed in this fund upon its establishment.*

The amendment was seconded by Fire Chief David Bengtson and voted in the affirmative by a show of voter cards.

Hollis Austin asked if this takes into account any possible price reductions in the future. Chair Quinlan stated that other municipalities are also establishing such a trust fund in anticipation of certain legislation introduced by the NH Insurance Department which would shift a financial burden from insurance companies to taxpayers. Mr. Austin asked if this cost applies only to the insurance of the ambulance service or if it can be applied to other costs of business for the ambulance service as well. Chair Quinlan stated that this is the cost being transferred from the state to the town, rolled into one. Vice Chair Tolman elaborated to say that Moultonborough, Sandwich, Center Harbor, and Meredith will all be engaged in a joint cooperative with Stewart's Ambulance and that the other three towns have already passed the warrant articles that will allow them to contribute their portion. These funds will allow the towns to pay for ambulance services if the legislation goes through and Stewarts' cost of doing business exceeds the funds they otherwise receive.

Denise Hervieux asked when the legislation is anticipated to be brought forward in the New Hampshire legislature. Fire Chief Bengtson stated that the legislation is currently pending and will be acted upon in this coming legislative session. He likened this change to the way municipalities have their own Police Departments and Fire Departments and said that the Insurance Commissioner would like to have a similar system for EMS coverage. Chief Bengtson also spoke to Mr. Austin's earlier question and stated that, looking back at contracts with Stewart's Ambulance over the years, prices are going up every year so there will not be price reductions. Seeing no further discussion, the Moderator called the question.

Article 9, as amended, was voted in the affirmative by a show of voter cards.

## **ARTICLE 10: CREATING A BRIDGE REPAIR & MAINTENANCE TRUST FUND**

To see if the Town will vote to (a) establish an Expendable Trust Fund under the provisions of RSA 31:19-a, to be known as the Bridge Repair Fund for the purpose of maintenance, construction, or reconstruction of municipally owned bridges , (b) designate the Select Board as agents to expend both the principal and interest from this fund, c) deposit the sum of Ninety Two Thousand Fifty One Dollars and five cents (\$92,051.05) currently held in Account 01-253-2404 in this fund upon its establishment and d) deposit herein such funds as may be received from time to time from the State of New Hampshire specifically for this purpose.

(Recommended by Selectmen – 3 Yes – 0 No) (2 Absent w/Prior Notification)  
(Recommended by Advisory Budget Committee – 5 Yes – 0 No)

Article 10 was read by the Moderator then moved by Chair Quinlan and seconded by Vice Chair Tolman. Fred Van Magness moved to amend article 10 to include "(CR164)," to specifically identify this to the Trustees of the Trust Funds in the years going forward. The amended article would read as follows:

*To see if the Town will vote to (a) establish an Expendable Trust Fund under the provisions of RSA 31:19-a, to be known as the Bridge Repair Fund (CR164) for the purpose of maintenance, construction, or reconstruction of municipally owned bridges , (b) designate the Select Board as agents to expend both*

(Recommended by Selectmen – 3 Yes – 0 No) (2 Absent w/Prior Notification)

(Recommended by Advisory Budget Committee – 2 Yes – 3 No)

Article 13 was read by the Moderator then moved by Chair Quinlan and seconded by Vice Chair Tolman. Judith Plaisted Haracz thanked the town and Select Board for dedicating the annual report to her brother, Richard Plaisted. She then recognized and thanked the other civil servants in the room as well as those serving in town, state, and federal government.

Josh Bartlett inquired about the cost of the new truck. Chief Bengtson explained that in the last 3-5 years, the price of fire apparatus has jumped about 15%-17% each year on average. The last fire apparatus purchase that the MFD contracted to replace was for \$1,013,000. He stated that the goal of purchasing this truck now is to try to get ahead of a further \$500,000-\$800,000 increase in cost and that this has been discussed in collaboration with the Select Board and the Capital Improvement Committee.

Hollis Austin asked if this would be an electric vehicle. The Chief confirmed that it would not be. Jean Beadle, speaking on behalf of herself (not the Advisory Budget Committee), stated that this truck was intentionally scheduled to be replaced in 2032 so the town would not have to replace two fire trucks around the same time. Chair Quinlan stated that delivery times right now are also around 3 years or more and that with supply chain issues, the consolidation of the industry, and the significant backlog as a result of the California wildfires, he feels this is a prudent decision at this time to save taxpayer money and ensure we have the truck when we need it.

Matthew Henry asked if this truck would be in addition to the rest of the fleet or as a replacement vehicle and, if it is a replacement, what is the approximate value we can anticipate receiving for the old truck. Chair Quinlan stated that it will be a replacement. Chief Bengtson said that the value of the disposed apparatus would be subject to the market at the time. In the past, they have gotten in the range of \$1,250 - \$8,000 but considering this truck's condition we can expect to get roughly \$15,000-\$25,000. Seeing no further discussion, the Moderator called the question.

Article 13 was voted in the affirmative by a show of voter cards.

Article 26 was read by the Moderator then moved by Josh Bartlett and seconded by Vice Chair Tolman.

Cody Gray asked if it was too late to discuss one of the bundled articles. The Moderator stated that the bundled articles have already been voted upon, so it is too late to discuss them. Mr. Gray then moved to reconsider the bundling of articles 20-25 and 27-32 which was seconded by Tom Howard. Mr. Gray stated that article 29 for the Lake Winnepesaukee Alliance be considered separately because the Alliance is an environmental organization which promotes environmental education but also functions essentially as a political action committee in Concord, so he feels it is inappropriate for taxpayer money to fund activities such as reviewing or supporting legislation. Mr. Gray asked that this article be voted on independently.

The Moderator called for a vote to reconsider the bundled articles. The motion to reconsider the bundled articles was defeated by a show of voter cards.

Discussion continued on article 26 with Josh Bartlett speaking in favor of the article, stating that driving has become increasingly dangerous on Old Route 109 over the past 20 years. He noted that the road is used regularly by pedestrians and senior citizens frequenting the Function Hall, yet drivers use it as a short cut between Routes 25 and 109, not obeying speed limits or passing zones. He stated that this is a “traffic calming” suggestion from former Town Planner Bruce Woodruff.

Dan Collins spoke against the article, stating that the intersection is not designed for a stop sign and he feels it will cause more issues than it solves. Jack Hadam, a resident who lives near that intersection, acknowledged the issues with motor vehicle speeding in that area, but spoke against the article stating that in his communications with the Police and Fire Departments, it doesn’t appear that the collision or ticketing data supports this particular solution. He spoke of a similar situation in Tamworth which he feels has been successfully handled by lowering the speed limit and putting radar speed signs in place.

Mark Reschke spoke against the article saying that he uses the road regularly and has not observed a safety issue but suggests that, if there is one, it could be addressed by adjusting the speed limit instead of installing stop signs. The Moderator, who also lives in that area, acknowledged the dangerous traffic near the corner on Old Route 109.

At this time, the Moderator announced that the polls were closed for secret ballot voting on article 4 and the Assistant Moderators began tallying the votes.

Mr. Bartlett stated that he doesn't feel that most drivers obey speed limits and said that the intersection in question could be set up for stop signs. He urged voters not to wait for a fatality to take action on this matter. Denise Hervieux stated that she has measured the distance and Old Route 109 is not a short cut. Police Chief Peter Beede gave statistics for the number of motor vehicle collisions (two on Old 109, two at the intersection of Old 109 and Gov. Wentworth Highway, and four at the intersection of Old 109 and Whittier Highway) and traffic stops (85) in that area over the last five years. He stated that, based on his experience in the Police Department over the last 30 years, he thinks drivers will speed back up immediately after stopping at a stop sign so he doesn't feel it will have the desired effect. Seeing no further discussion, the Moderator called the question.

Article 26 was defeated by a show of voter cards.

At this time, the Moderator thanked the School District staff and Assistant Moderators for their work and preparation to ensure a smooth Town Meeting. He also thanked the voters for staying for the long meeting. When the Assistant Moderators had finished tallying votes, the Moderator announced the results of article 4.

### **ARTICLE 33:**

To transact any other business that may legally come before said meeting.

Article 33 was read by the Moderator who then asked if there was a motion to adjourn. Peter Whelley moved to adjourn the meeting and was seconded by Greg Samaha. This motion was voted in the affirmative by a show of voter cards.

The meeting adjourned at 2:01 pm.
