

# BE SEPTIC SMART!

WHAT EVERY PROPERTY OWNER SHOULD KNOW ABOUT TAKING CARE OF THEIR SEPTIC SYSTEM.

## YOU'RE INVITED!

Explore the best practices for proper septic system operation and maintenance and help safeguard our lakes! Join us for an informative session with Gary Spaulding of Advanced Onsite Solutions, a leading expert in the field.

Mr. Spaulding is a permitted NH Designer, NH Installer, NH Certified Septic System Evaluator, and NH Licensed Wetland Scientist.

### Discover How To:

- Prevent costly repairs and system failures.
- Understand your system's impact on lake water quality.
- Implement simple maintenance practices for long-term health.
