

“Ruby, our chihuahua-minpin-s spaniel mix, has a way of making people want a dog just like her. She is a happy and relaxed love-bug and we are so lucky this little momma relocated to New Hampshire to be part of our family in April 2020. She was a little on the weary side after recently weaning 5 little girl puppies, Opal, Sapphire, Topaz, Pearl, and Emerald. They arrived from Texas via Lifesaver's rescue group and Ruby immediately reclaimed her energetic spirit, cuddly curves, and shiny coat. She is always up for a hike, a 2ish mile run, or a leisurely stroll around our Skyland Park neighborhood, preferably followed by a luxurious nap.”
