

Becoming a member of Moultonborough Fire-Rescue's Call Department

The Moultonborough Fire-Rescue Department is actively seeking new members.

Are you a teacher, construction worker, homemaker, truck driver, nurse, mechanic, sales representative, technician or machinist? If so, then you have something in common with at least one of our members.

Do you enjoy helping people, take pride in a job well done, like to make new friends, want to provide a valuable service to your community?

YES? Then SUBMIT AN APPLICATION FOR MEMBERSHIP!

Who may apply?

Any Resident of Moultonborough 18 years of age or older, without regard to race, color, creed or sex, may submit an application for membership.

Anyone who meets the above qualifications but lives outside the Town of Moultonborough may apply for membership, if they are working in town at a regular job and provide written proof from their employer that they are able to perform firefighting duties during working hours.

What is required?

Applicants must pass a Department physical exam, administered by the Department's contracted medical facility, before their application can be processed for probationary status. The Town of Moultonborough pays for this exam.

The applicant is interviewed by the Senior Officers Committee and a background investigation is conducted prior to appointment as a probationary member.

Probationary members serve a probation period. During this time, specific requirements must be met:

- Complete a State of NH Fire Standards & Training Commission Certified Fire fighter Level 1 course.

The Senior Officers Committee meets monthly and will review the progress made by each probationary member. When all requirements are met, probationary members are appointed as full members.

For further information on membership in the Moultonborough Volunteer Fire Department, please e-mail dbengtson@moultonboroughnh.gov or call (603) 476-5658. There is a particular need for members who are available during weekday hours.
