

TERRESTRIAL INVASIVE PLANT REMOVAL DAY
MAY 19, 2018
Sponsored by the Squam Lakes Association

A watershed wide Terrestrial Invasive Plant Removal Day will run from 9 am to 12 pm on Saturday May 19th.

There will be one work site in each of the surrounding towns within the watershed.

Ashland: The Patterson Easement

Center Harbor: Belknap woods

Holderness: West rattlesnake Old Bridle Path

Moultonborough: Unsworth Wildlife Area

Sandwich: Eagle cliff

All are welcome to participate in this event. There will be snacks, water, and tools but the Association encourages volunteers to bring work gloves and any other tools they may have. The Squam Lakes Association is working to make sure there is enough parking at the Unsworth Wildlife Area and will be contacting the Moultonborough Police Department to ensure this goes smoothly.

Below is a link to the flyer for the event.

Please check the Squam Lakes Association website or call the SLA at 603-968-7336 for any more information. Registration is open on the SLA website at <https://www.squamlakes.org/terrestrialinvasives>
